FRANS K. SMIT

The wines bearing the name of Frans K. Smit pay tribute to this man's great love of wine, his winemaking skill and his dedication to the process. Crafted in limited quantities, these two complex, nuanced blends – one red, one white – are both coveted and enjoyed around the world.

Since he joined Spier in 1996, Smit has harnessed more than three centuries of winemaking history to transform Spier from a small cellar into a major, award-winning Stellenbosch producer.

"Respect what the vineyard hands you," is the iconic winemaker's mantra. He says: "It all happens in the vineyard. We carefully select the region and the growing blocks. This is the big thing: not tampering with natural process – but helping it along."
